In the absence of the original papers relating to his appointment & the conditions attaching to it, it is not possible to give an opinion These may be put up

6 From the discussions on the linked file it seems to be the impression all round that a pay of 100 - 210 is unnecessarily high for a demonstrator & as the Hon has noted that 70 Rs is ~~not~~ quite enough for a demons trator.

Martin, Bangalore, was appointed Demonstrator of Chemistry in the Central College by the Dept of Edn: Therefore the papers relating to this appt will be available in the Dept's office

8 Now that the question of Revising the Scale of pay of Edn: Officers is under the consideration of Govt (Edn: 62-12 dated 10 Sep yesterday) it is a point for consideration whether this may not await orders in that file.

12 As stated in para 7 of the notes, there are no papers available in this office regarding the appointment of the Demonstrator for the appointment was made by the Inspr-ful and the papers, if required, have to be obtained from that office It appears, however, very doubtful whether those papers will throw any light on the points mentioned in H and Secys note The Inspr-ful says that M S Sreenivasaka was appointed on probation for one year on Rs 70/- and presumably no other conditions were attached to the appointment As the Demonstrator has given satisfaction during the period of probation which has expired, the I H recommends his confirmation and the fixing of his pay at Rs 100/-, as in the case of the Demonstrators in two other Science subjects, dealt with in the G O of 30th March 12 The present case is exactly similar, and the notes contained in File 175-10 explain the circumstances connected with the appointment of these Demonstrators for the Central College

13 The point for consideration is whether the pay sanctioned to the Demonstrators in Physics and Botany may be granted to the Demonstrator in Chemistry also The Principal of the Central College

Submitted to His Highness

These papers relate to the confirmation of Mr L G Sreenivasa Rao B A as Demonstrator of Chemistry in the Central College

2 He was appointed Demonstrator on Rs 70 on probation for one year by the Inspector General of Education with effect from the 11th July 1911 and the Inspector General of Education in his letter No 1401/76 dated 29th July 1912 recommended that he may be confirmed as Demonstrator with effect from 11th July 1912 and started on a pay of Rs 100 according to the scale sanctioned in Government Order No 9876-80/Edn 324-06-9 dated the 30th Mar 1908 The late Dewan was of opinion that the question might lie over pending the revision of scales and cadre in the Education Department

3 Mr Tait has written a D O to the Inspector General of Education pointing out the hardships to which Mr L G Sreenivasa Rao has been put by not being confirmed in the appointment as, though he has a service of nearly 7 years including the service in other appointments prior to his being made a Demonstrator in the Central College he is not able to take privilege leave to prepare for the L A examination in Chemistry for which he has appeared Mr Sreenivasa Rao also interviewed me and his case seemed to be a hard one

4 The First Councillor is of opinion that though the way in which the subject has been brought up again is not regular he may be confirmed on similar terms to the others When the question was before him originally he observed 'The Demonstrator's place is quite necessary

89

and is not likely to be affected by any revision" The other two Demonstrators appointed for Botany and Physics, respectively in the Central College have already been confirmed The question of revision of scales in the Education Department is a complicated one and it will take some time to settle it

Dear Mr Shama Rao

Would you be so kind as to help the bearer Mr L G Srinivasa Rao by writing a D O recommending his confirmation?

He has nearly 7 years service now and he has been recommended several times for confirmation It is particularly hard on him that he should be unable to get privilege leave at a time when he wishes to prepare for the M A Examination n Chemistry

He has recently seen the Dewan and been informed that f you will be so kind as to make another reference preferably by D O letter his confirmation may be ordered

Yours sincerely
